# GOING *HYBRID*

EAP SPRING MEETING/ 2-3 JULY  
See you in **Larnaca, Cyprus** (or online!)

# Y O U A R E I N V I T E D

---

Dear Colleagues and Friends,

We are glad to announce that the abbreviated, **hybrid** EAP Spring Meeting will take place at the Radisson Blue in Larnaca, Cyprus on Friday, 2 and Saturday, 3 July 2021. Join us **in-person** if you can travel or - if won't be able to meet us in Larnaca, - attend the meeting **meeting virtually** instead!

While vaccine programmes are rolling-out around the world and we are gradually seeing the return of in-person meetings, video meetings are still an important, safe alternative right now to share knowledge and experiences. We are thankful for the technology that allows us to interact, share and connect during these challenging times. However, virtual meetings will never replace face-to-face interactions fully and we invite all of those who are able to travel to experience true Cyprian hospitality during the EAP Spring Meeting in Larnaca, Cyprus!

We urge you to join the EAP Spring Meeting, as staying connected is one of the best ways to support each other and still achieve our goal of improving children's health, both in Europe and around the world.

**Prof Adamos Hadjipanayis | EAP President**

## A B O U T L A R N A C A

Beautifully compact, easily accessible and truly authentic, Larnaca is Cyprus' oldest soul; the longest continually inhabited region of the island, with a history that dates back 10,000 years, and the most centrally positioned, offering easy access to other regions.

From stretches of varied coastline, a mix of traditional and cosmopolitan establishments and fascinating monuments, Larnaca seamlessly blends its ancient and modern faces.

## Church of St Lazarus

Built by Byzantine Emperor Leo VI in the 9th century and located in its own square in the town centre, the magnificent stone church of Agios Lazaros is one of the most remarkable examples of Byzantine architecture in Cyprus.

## Larnaca Castle

The Medieval Castle of Larnaka (also referred to as Larnaka Fort) is believed to have been originally built during the Middle Ages, and took its present form during Ottoman rule, although there is some contestation regarding its origins.

## Finikoudes Beach

Larnaka's most famous promenade of Foinikoudes Beach is a 600-metre long stretch that combines coast, entertainment and culture along its palm-tree lined length. Make sure to return later in the day for some drinks at one of the bars on the promenade.
